

## Policy For Conflict Minerals Compliance

Regarding Precision Fittings' policy for compliance with the August 22, 2012 Securities and Exchange Commission ruling mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act:

As defined in 2010 United States legislation, Dodd-Frank Wall Street Reform and Consumer Protection Act, H.R 4173, Section 1502(e)(4):

CONFLICT MINERAL.—The term “conflict mineral” means—  
(A) columbite-tantalite (coltan), cassiterite, gold, wolframite, or their derivatives; or  
(B) any other mineral or its derivatives determined by the Secretary of State to be financing conflict in the Democratic Republic of the Congo or an adjoining country.  
(available at <http://www.sec.gov/about/laws/wallstreetreform-cpa.pdf>)

Precision Fittings is not required to report to the SEC. None of our products require for manufacturing, or intentionally contain any tantalum, gold or tungsten. Use of any of the specified material derivatives is limited to tin plating, which is subcontracted.

To ensure continuing compliance, Precision Fittings periodically affirms with our subcontractor(s) that the source of their tin is not from the Republic of the Congo of its adjoining countries.

I hope this information is helpful. If something else is needed, please contact me at 440-647-4143, or e-mail [richard@precisionfittings.com](mailto:richard@precisionfittings.com).

Best regards,

Dick Ross  
QA Manager

### Revisions:

- 02 Nov 2012 – Issued
- 12 Feb 2013 – Added definition sub-paragraph
- 10 Oct 2014 – Added that products do not contain Tantalum, Gold or Tungsten
